Are you looking for a rewarding and fun way to be involved with Durham's young people around this year's exciting Presidential and local elections?

Kids Voting Durham, a nonpartisan effort to help young people understand and believe in the power they can have as active, well-informed citizens and future voters, is seeking a volunteer to serve as ***Volunteer Coordinator*** for the upcoming Kids Voting General Election in November. The Volunteer Coordinators would:

- ✓ assist in recruiting volunteer leaders to run Kids Voting stations at polling sites on Election Day
- ✓ help coordinate in-school voting
- ✓ recruit early voting volunteers
- ✓ follow up with acknowledgements and other post-election efforts.

The position will run from the present through late November. Hours are flexible and training is provided. The ideal candidate will be highly organized, people-oriented, have strong communication skills and have an interest in education and/or civics.

The opportunity to vote gives students a voice and helps develop life-long voting skills. Volunteering with Kids Voting and its students is rewarding and helps to build a great civic generation.
